Wedding-Personal

Mrs. Birney of Chevy Chase will not be number of friends last night at supper to

meet Mr. E. S. Sothern. At the approaching marriage of Gen. Harrison and Mrs. Dimmick ex-Secretary Tracy will officiate as best man, and, as before announced in this column, Lieut. Parker will escort his sister-in-law into church. Rev. Dr. Brown, rector of the Church of St. Thomas, will perform the church of St. Thomas, will perform the ceremony. The couple will go out to Indianapolis after their marriage and will summer at Gen. Harrison's Adirondack camp. It is on the first lake of the Fulton chain, and the logs are now being cut for the cottage. It is said that less than twenty-five persons will witness the marriage.

wood avenue will be at home Wednesdays in April, after April 1. Miss Florence Myrick, only daughter of Mr. Chas. Myrick of Chelsea, Mass., is spending the Easter vacation with her friend, Miss Belle F. Leeds, 1314 6th street. Miss Pet Wilson of Missouri and Mr. Kemper Dunlap of Staunton, Va., are visiting Mr. Roy Helzer of 1914 8th street. Mrs. L. Eiseman will not be at home to-

DEFERRED B. AND O. INTEREST. An Important Rumor by Way of New York.

A new turn is given to Baltimore and Ohio affairs by a statement purporting to be official, that the company will meet its interest on the extended 41/2 per cent bonds due April 12. This announcement was given out in dispatches to New York

late last night. If the report is correct and authentic, it places a different aspect on the face of Baltimore and Ohio management and control. There is some doubt as to just how far the expectation of interest payment is to be applied. There is uncertainty in regard to interest payments on the securities of the Pittsburg and Western branch, which is operated by Thomas M. King, as receiver. No default has yet occurred on the securities of the Pittsburg and Western, but there is doubt as to the payment of the coupons, due May 1, on the second mortgage bonds. The interest on the first mortgage bonds, due July 1, it is said, will be met

It is not thought that anything in the vay of reorganization of the Pittsburg and Western will be done during the present year. The floating debt of the company. year. The floating debt of the company, incurred under a previous management in the reduction of grades and the straightening of tracks for the Baltimore and Ohio Express service for Chicago, is said to be between \$2,000,000 and \$3,000,000. As a partial offset to this the company owns \$1,000,000 Pittsburg, Cleveland and Toledo rallroad bonds and \$1,300,000 second mortgage bonds of the Pittsburg and Western railroad.

## KNOWN FOR CENTURIES.

Am Antiquarian's Assertion Regard-ing the Rocatgen Rays. A special from Butte, Mont., says: John

Maguire, manager of Maguire Opera House, and an antiquarian of considerable note, has unearthed what he believes to be the fact that the Roentgen or X rays were the fact that the Roentgen or X rays were known to the Chinese many centuries ago. He found in the London Philosophical Journal of 1832 an account of a curious Chinese mirror which had the power to reflect upon a screen, by the aid of the sun's rays, objects on the back of the mirror, the mirror being made of Chinese silver, a combination of tin and copper.

The Journal stated that there were but a few of the mirrors then in existence, and that they were evidently the remains of a lost art.

## The Knock-Out Men.

Inspector Hollinberger received a letter yesterday afternoon from Superintendent Deitsch of the Cincinnati police force, asking for photographs of the alleged "knockout" men, Frederick Nelson and Frank Lewis, who are in jail here. They are suspected of having robbed two men in that city after putting them to sleep with chloral. The pictures of the two men were received from the photographers Saturday

received from the photographers Saturday and sent out to the various police departments. Inspector Hollinberger hopes, in this way, to get something about the identification of the prisoners.

The men under arrest are still in jail, having been unable to give the bond fixed by Judge Miller, \$2,000. An effort will probably be made this week to have the court reduce the bond in order that the prisoners may get out. But this effort will meet with some opposition from the prosecution, as the police are desirous of having the men here for trial.

Should the upper court release them on a

Should the upper court release them on a small bond they will be rearrested and held for the Baltimore authorities, as the officers in Baltimore are anxious to get them for the robbery of Mr. H. Easter Gale, who has fully identified them.

### The Beer Boycott. The meeting of the local Federation of

Labor this evening is likely to prove interesting, because it is expected the beer boycott will be called up for discussion. The statements attributed to Harry Williams. manager of the Washington Brewing Company, that he is still a member of the com-bine, and has not granted the demands of the labor organization and that the re-moval of the boycott from his establishment was not on his motion, has caused considerable talk among members of the federation. It is probable the committee in charge of the boycott will be asked to explain the seeming discrepancy between their position and that of Manager Wil-liams.

### A Serious Affair. From the New York Weekly.

Clara-"Oh, mother, we had such fun at the party! Young Smith proposed that he and I should go through a mock marriage ceremony-just in fun, you know; and it was too funny for anything. Afterward, some of the older people who heard of it said we were really married; but we're not.

"Oh, it wasn't that Smith. It was the other Smith, from Gold City, the one who owns a bonanza mine, you know."
"Eh? That Smith! My dear, a marriage like that before witnesses is binding."

### CONFEDERATE DEAD.

THE WORLD OF SOCIETY Projected Improvements in the Ceme-tery at Winehester, Va.

Senator Morrill Will Celebrate His Birth-WINCHESTER, Va., March 29, 1896 In the course of a few months beautiful Hebron cemetery, near this pretty little city, where lie the remains of many hundreds of confederates, will have the addition of another handsome monument to the scores already there, and in which there is

The new shaft is to be a memorial to the Louisiana soldiers killed in the various battles around Winchester, and whose remains were interred in that cemetery. The monument has already been ordered and will cost about \$1,300, of which Mr. Charles Broadway Rouss of New York contributed

The shaft will be of Georgia granite, Bronze medallions will be placed on the four sides of the shaft. It will probably be dedicated the latter part of June, a few days before the assembling of the encampment of the Confederate Veterans in Rich-

mond.

A letter from New Orleans, received a day or two ago in Winchester, states that "at a meeting of confederate veterans and a rumber of ladies representing the Ladies' Confederate Veteran Association of New Orleans, held Friday evening last, it was announced that, through the devotion of Miss Lucy Williams of Winchester, the monument committee had been placed in possession of a full list of the Louisiana dead that rest in the cemetery.

possession of a full list of the Louisiana dead that rest in the cemetery.

"At this point," continues the letter, "Col. Zible, who was a distinguished soldier, paid an eloquent and deserved tribute to the unstinted devotion that the women of Winchester had ever shown to the soldiers of the confederacy. I went through Winchester,' said the speaker, 'many a time, and never did these noble women fail to come out and cheer us on our way. No matter whether we were in front of the enemy they cheered and encouraged us by their sweet presence and gave lots of the boys a trifle more backbone by their manifest sympathy. And, then, when our dead lay around, who in many cases was it that went and reverently paid the last tribute to those brave fellows who had laid down their lives

in the cause that we all loved so dearly?— the women of Winchester.'" Word comes from Raleigh, N. C., that the ladies throughout North Carolina are tak-ing great interest in the movement to raise funds to place headstones at the graves of the North Carolina confederate soldiers buried at Winchester. It seems to have been a surprise to the people of the old state to learn that there were 448 North Carolir a soldiers buried together on one plot of ground, whose graves have no headstones; and that the graves of the soldiers from every other state had suitable head-stones provided by the people of their re-

spective states.

In some instances in North Carolina the survivors of the regiments to which the now dead soldiers belonged are engaged in raising the requisite amount to place head-stores at the graves of the soldiers belong-ing to their respective regiments, while in other instances the people of the county are interesting themselves in raising the

There are, however, still some regiments and counties in which there has as yet been leveloped no interest in the matter.
